Mobile: 9869242240/ 9969928144

About this Program:

SQC & OR Unit, Mumbai offers this "**Online Classroom**" type Lean Six Sigma Master Black Belt (MBB) training and certification program through a virtual platform. All the training sessions and end-examination will be through online mode. **For registration**, participants may either download or type the nomination form (attached at the end of the brochure) and send it to sqcbombay@gmail.com after fill in. The **soft copy of the training material** (*in pdf*) and **data set** (for class exercises) will be shared through a virtual drive. The participants should download the training material and the data set from the drive before attending the classes. The training sessions will primarily use **Minitab software** and **MS Excel** for data analysis. Participants either may purchase the **Minitab license**, or they may download its one-month **trial version**. The participants who will be using Minitab 30 days trial version are requested to download the software during Phase -I, as the program has been planned to complete (including test) within the one-month time frame.

About the Online sessions:

The program will use **Microsoft Teams or Zoom** as its online platform.

Why should I attend this MBB program?

Implementation and sustenance of a Six Sigma / Lean culture in an organization's progress certified MBB plays a critical role. The MBB certification program, offered by SQC & OR Unit, Mumbai is designed to sharpen the technical skill, coaching skill and internal advocacy skill to the existing Black Belts and quality personals to lead the six sigma effort within their organization.

After attending this training, the participants will

- Be able to integrate the Six Sigma DMAIC/DFSS approach with the Lean improvement methodology for executing their process improvement projects.
- Gain an in-depth understanding of familiar and advanced statistical tools and techniques which will assist in guiding various Lean six sigma projects.
- Learn to create a measurement system that pulls for the creation of lean or six sigma projects when it is most beneficial for the organizations.
- Finally, gain knowledge of guiding various kinds of projects.

Course Contents:

In addition to selected topics of Six Sigma Black Belt Body of Knowledge, the following subjects likely to be discussed.

- Overview of Six Sigma Methodology and Lean
- Review Strategies for effectively implementing Six Sigma and Lean Six Sigma in an organization
- Understanding of Deployment Strategies – Business Goals/ Dashboards/ Balance Business Score Card or Customer Goals including linkages with financial goals
- Executive and other roles and responsibilities in LSS implementation
- Six Sigma Project selection-linkage to strategy
- Overview of Lean Six Sigma Project execution (DMAIC or DFSS/ DMADOV)
- Project Review Guidelines and selection of Belts for the projects
- Voice of Customer, Affinity Diagram & Quality Function Deployment
- Distribution fitting of a data, evaluation of Process Stability and Concept of Process Capability and assessment of Sigma level
- Identification of VA and NVA activities in Processes.
- Value Stream Mapping
- Lean tools and integration of Six Sigma and Lean concept, i.e., Lean Six Sigma
- Multiple Regression, Logistic regression and use of the same in cause validation
- Concept of cross-validation and model selection fundamentals
- Reliability Theory, Design FMEA, Pugh Matrix, Fault Tree Analysis
- Design of Experiments including RSM
- Taguchi Methods of Parameter and Tolerance Design
- Exploratory Data Analysis
- Multivariate Analysis (cluster analysis, factor analysis, Discriminant analysis)
- Predicting Modelling using Classification and Regression Tree
- Conjoint Analysis, Simulation
- Queuing theory
- Change Management Process dealing with resistance to change,
- Concept of Poke Yoke, Visual Workplace, 5S & Planning for full-scale implementation.
- Process of Closing the Project
- Work through at least 3 Six Sigma projects of different applications
- Process of Closing the Project

Eligibility:

Degree holder in any discipline with at least six months of specialized training in quality management sciences from recognized institutions like ISI etc. and /or Certified Black Belts from recognized certification bodies like ASQ, ISI, Motorola University, Rath & Strong etc. Each candidate should have at least two years of experience in conducting/ guiding at least ten improvement projects.

Faculties:

Experienced faculties from Indian Statistical Institute, having in-depth experience in implementing six sigma in various leading manufacturing and service organizations across the globe, will be associated with the training sessions.

Examination/Assignments:

An assignment will be given after the 1st module, i.e., first six days and participants need to complete it within 15 days.

At the last (12th) day of training, there will be a two hours online examination with **multiple-choice type question (MCQ)**, and participants should score a **minimum of 70% marks** to pass the Examination/Assignment.

MBB Certification Criteria:

- Qualifying certificate will be issued for securing 70% marks in the MCQ type test conducted after seven day of the training and successful completion of the assignment.
- MBB certificate will be issued after successful passing of the test and guiding/ mentoring five projects on improvement & conducting 120 hours of training in related topics or attending three conferences/seminars/workshops on related subjects in the following one year.

Program Schedule:

The entire training program is divided into two phases (Phase -I & Phase - II) as given below:

Phase-I (6 days): January 17-22, 2022

Phase-II (6 days): February 14-19, 2022

MCQ Type Examination: 26th February 2022

Everyday Online class timing

09:30 a.m. – 11:00 a.m. Session 1

11:00 a.m. – 11:30 a.m. Tea break

11:30 a.m. - 01:00 p.m. Session 2

01:00 p.m. – 02:00 p.m. Lunch break

02:00 p.m. – 03:30 p.m. session 3

03:30 p.m.– 04:00 p.m. Tea break

04:00 p.m. - 05:30 p.m. Session 4

Course fee:

Rs. 60000 + 18 % Tax as per Govt. Rules. Total fees: **Rs.70800 /-** per participant. Fees to be paid **through online bank transfer only**. The bank details for online payment are:

Bank Name:	STATE BANK OF INDIA
Account Name:	Indian Statistical Institute,
Account Type:	Current
Bank Account No:	10996682279
Branch:	MUMBAI MAIN BRANCH
Bank Address:	Mumbai Samachar Marg, Horniman Circle, Fort. Mumbai 400023
IFSC code:	SBIN0000300

Note: Fees Will be refunded if ISI cancels the program only.

Registrations are purely on a '**first come, first served**' basis. Participants must enquire (mobile no. 9869242240 / 9969928144) for the seat availability before making the payments. We will confirm the registration only on receipt of the **filled-in nomination form** (attached) and **course fees**.

LAST DATE FOR REGISTRATION: 10 January 2022

Online Lean Six Sigma Master Black Belt (MBB) Training Program
During January - February 2022 (12 days)

NOMINATION FORM

Name of the Participant (CAPITAL LETTERS):

Communication Address (*Mandatory*):

E-mail (CAPITAL LETTERS):
